

Skill Matrix for Communications class

Protocols and communication	GP	AE	I	R	B
Understand and master the new mobile networks technologies - C1 (Etienne Sicard)	4	4	4	4	2
Be able to analyse and evaluate protocoles dedicated to Wireless Sensor Networks / IoT - C2 (Daniela Dragomirescu)	4	4	4	4	2
Understand and master the fundamentals of emerging network paradigms applied to IoT - C3 (Slim Abdellatif)	4	4	4	4	2
Understand and master the optimisation of IoT communication protocols at MAC level - C4 (Daniela Dragomirescu)	4	4	4	4	2
Understand and master the security mechanisms of IoT communication protocols - C5 (Eric Alata)	4	4	4	4	3
Mastering the architecture of an energy management system, simple storage, energy recovery, know how to size the storage element according to the specifications - C6 (Jean-Marie Dilhac)	4	4	3	3	2
